The Spirit of Aviation

EAA Chapter 66

Live the dream.

EAA – *Experimental Aircraft Association* is focused on the pursuit of building and flying, certified, home built, kit and experimental aircraft, introducing aviation to further the sport and education about the industry.

Who We Are

First we love aviation. We enjoy the spirit created by the Wright Brothers. Our focus is on maintaining an environment where members are encouraged to participate in building and flying.

We are business people, tradesmen and women, retired and students, we are your neighbors. We invite those with an interest in aviation who would like to participate, to join us, in our pursuit of adventure.

EAA Chapter 66 offers information and hands on experience for everyone interested, to the inquisitive young and experienced alike. We encourage our accomplished builders and flyers to share their knowledge and provide a forum in which everyone can learn.

Young Eagles / Eagle Flights

Our Eagle Program is designed to introduce and generate interest in the world of aviation. At our monthly breakfast our pilots fly ages 11 and up, many for the first time, for a flight around the area.

Each year we also sponsor a deserving and interested child to a 5 day aviation summer camp in Lakeland FL where they are immersed into the world of aviation. For more information email: skydiver36c@yahoo.com

Learn With Us

Every week we work on the chapter airplane. Everyone is invited to participate and learn the details required to build an aircraft from the ground up. All members are encouraged to join in and learn from our more experienced builders.

Many of our members are building an airplane at home. We help each other to learn more about this fascinating sport.

Pilot license is not required!

Fly In

From time to time we sponsor a fly-in where pilots from other areas come to visit and have lunch. The enjoyable part is asking questions and seeing all of the aircraft on display. Come join us!

Fly in La Belle FL

Contact one of our members or come to one of our meetings for more information.

Join us the third Tuesday of each Month at 7:00 PM for our monthly meeting! Metro to Landing View Rd and ring the bell at gate.

Join us on the First Sunday of each month for a fly-in breakfast of pancakes and eggs. 8:00 AM to 10:00 AM Landing View Road
